US INDIES BY RICHARD GRABEL

**DIZZY AND THE HOMILARS:**  
Elizabeth's Lover (Jimboco)  
THE better half of the ill-fated  
Comateens come up with a  
cheering, bright bit of pop candy.  
The singer's voice is girlish,  
dripping with cuts. The sound is a  
catchy interplay of guitar and  
natural, organlike synthesizer. The  
song is a jealous lover situation,  
treated as silly kid stuff. A good  
summer single.

**HI SHERIFFS OF BLUE:** Aint But  
Sweet 16 (Roller Skate)  
CRACKED and demented urban  
blues. Screamed, lunatic asylum

vocals, guitar comforting. Very  
stimulating.
